CN

Counsel,

I have become aware of a few screen shots from certain links in Dylan Brenner's eMDs record that Diana vanDerBeek will be able to show you during Friday's inspection of his file. They are in the ShareFile link below. For the sake of completeness I have also included the medical file screenshots previously produced, along with the "table of contents" section that we provided prior to Diana's deposition. Copy and paste in your browser to access the files.

The additional screenshots relate to links that can be opened on the "Health Summary" screen. Specifically:

- There are small boxes that open when one clicks on an item under the "Current Problems" heading that show the date entered for each. See the files named HS, MS, PS, SR, WS.
- Under the "Medications" heading on the same "Health Summary" screen, the medications listed from his July 2016 incarceration open to show the date the medication was entered and details for each prescription. See the files named Med1, Med 2, Med 3, Med 4, and Med 5.
- Finally, there is a link under the same "Medications" heading for "potential interactions" relating to the medications listed for Brenner's July 2016 incarceration, and screen shots from that link are included. See the files named "Potential Interactions 1" and "Potential Interactions 2."

Also, please confirm who will be attending the inspection on Friday so we may notify security.

Thanks.

Carrie
